01
ABOUT THE LOGO

Primary Logo

This logo represents the name “Eja”, designed as a palindrome logotype that maintains its form when rotated 180°. This idea reflects a mindset that is adaptive, open to perspective, and consistent in identity. The shapes are built with soft curves and balanced geometry, creating a look that feels friendly, modern, and clean. The baby-blue tone conveys a sense of calm confidence, optimism, and creativity, while keeping the visual identity warm and approachable. Designed for personal branding, this logo aims to feel light, joyful, and human, yet structured enough to remain professional and recognizable across both digital and physical applications from social profiles to small-scale merch.

Different variations have been made to make it easier to apply logos to various types of arrangement can be selected to suit your needs, as well as the available media size.

in a descending order.**

logomark

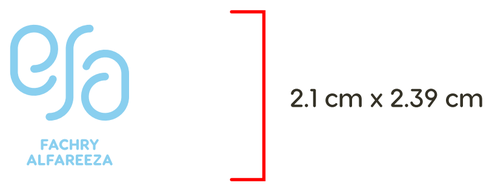

Primary

Secondary

To maintain the clarity, consistency, and visual impact of the Muhammad Fachry Alfareeza Logo, it must never be displayed smaller than the sizes specified below.

1) For the primary logo with tagline, the logo should never appear smaller than 2.1 cm × 2.39 cm.

2) For the secondary logo format with tagline, the minimum size allowed is 4.06 cm × 1.79 cm.

3) In cases where only the standalone logomark is used—such as on favicons, social media icons, or other compact formats—the height must not be less than 1.7 cm. This guideline helps preserve brand recognition even in limited spaces.

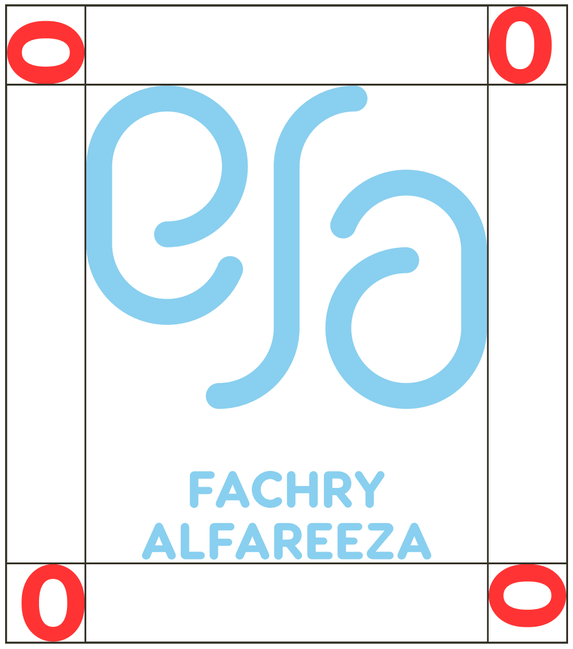

Always maintain the minimum clear space around The Muhammad Fachry Alfareeza Logo to preserve its integrity.

To maintain visual clarity and provide maximum impact, the logo must never appear to be linked to or crowded by other objects, photographs, or graphic elements.

The minimum clear space must never differ proportionally from the diagrams demonstrated on this page

Primary Logo

Secondary Logo

The logo must be applied without changing the shape, color, composition, as well as proportions of each element. Here are some examples of using the wrong logo.

1) You may not to change the proportions of the logo.

2) Not allowed to change the color of the logo.

3) Not allowed to change the configuration on the logo.

4) Not allowed to add an outline to the logo

5) No effect on the logo.

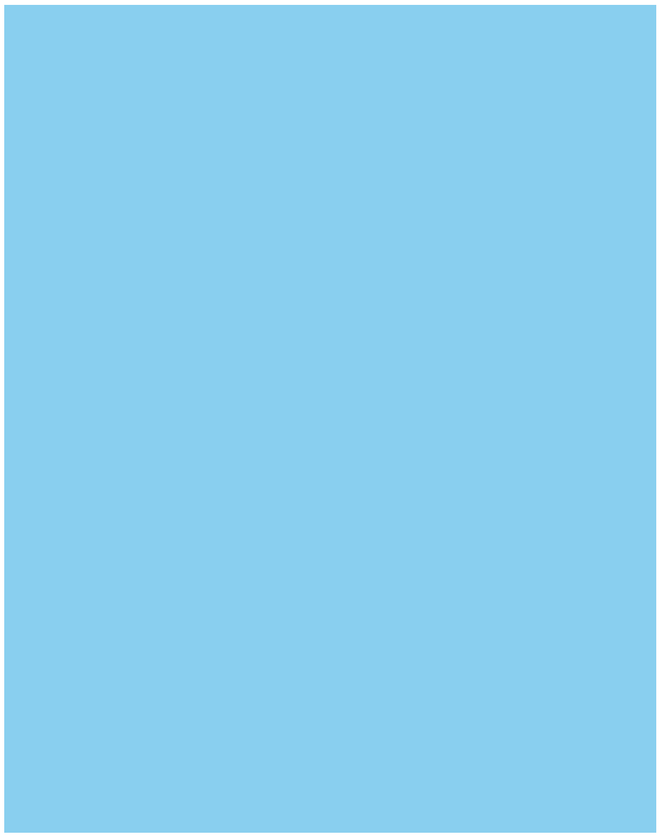

6) You may not rotate the logo.

7) Do not place the logo on a background that is too dense.

8) Do not place the logo on a background that has the same color of the logo.

02
COLOR

RGB 137 207 240
CMYK 43 14 0 6

The color palette for The Muhammad Fachry Alfareeza Logo represents clarity, calm confidence, and a sense of modern identity. The baby blue tone defines the personality of the brand, friendly, open, and grounded in integrity.

RGB 244 162 97
CMYK 0 34 60 4

The negative single-color in black or white version can be used if the previous color versions cannot be crated, or does not provide sufficient contrast against the background and if only one color of ink, paint, stitching, or engraving is possible.

Specifically, the use of black color (on a white/bright background) is permitted if the media only uses black ink/paint, for example: newspapers on certain pages, or promotional media that is duplicated using as photocopier machine.
